Using its unique expertise in exploiting bagasse (a by-product of sugar cane), ALBIOMA is able to produce electric energy from every type of biomass through a cogeneration process. The Group's ambition is to be recognized as agri-businesses' partner of choice for turning biomass into a highly-effective source of energy without conflict over use. In addition, ALBIOMA develops and operates high-margin solar projects. **For further information, please visit www.albioma.com**
