ABOUT ALBIOMA

Using its unique expertise in exploiting bagasse (a by-product of sugar cane), Albioma is able to produce electric energy from every type of biomass through a cogeneration process. The Group is also a pioneer of agricultural anaerobic digestion in France. Its ambition is to be recognized as agri-businesses' partner of choice for turning biomass into a highly-effective source of energy without conflict over use. In addition, Albioma develops and operates high-margin solar projects.
