### *About Albioma*

An independent renewable energy producer, Albioma is committed to the energy transition thanks to biomass and photovoltaics.

Albioma operates in Overseas France, France metropolitan, Mauritius and Brazil. For 25 years, it has developed a unique partnership with the sugar industry to produce renewable energy from bagasse, the fibrous residue of sugar cane.

Albioma is the leading producer of photovoltaic energy in Overseas France, where the company builds and operates innovative projects with storage, Albioma has strengthened its position in mainland France.

Recently, the Group announced the acquisition of a geothermal power plant in Turkey.

Albioma is listed on the Euronext Paris compartment A, is eligible for the deferred settlement service (SRD), PEA and PEA-PME plans and is included in the SBF 120 and CAC Mid 60.

The Group is also included in the Gaïa-Index, an index for socially responsible midcaps.
